Golang Amsterdam

February, 21st 2019
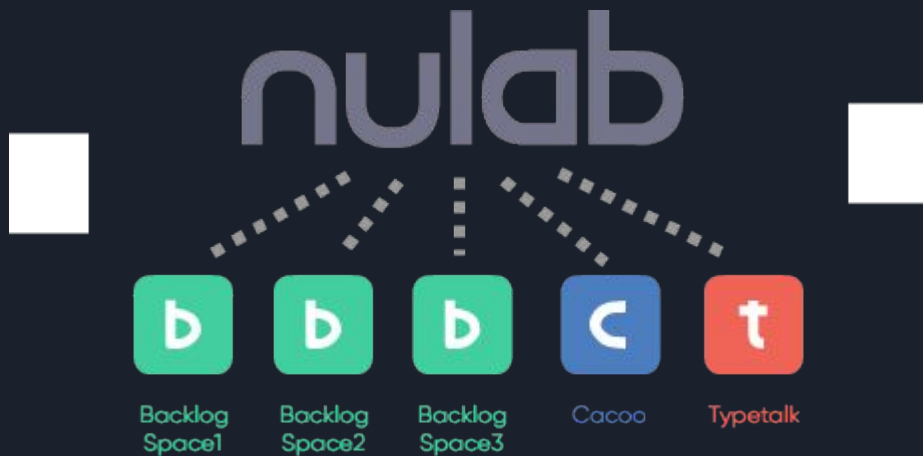

About us

- Go enthusiasts
- Build a community
- Talks and Workshops
- Foster professional development

Thanks Nulab

Nulab is a team of fun-spirited innovators dedicated to creating software that supports effective communication and collaboration. We are a small company with a big heart and all of our products are handcrafted with love.

Talks

- Where to get Golang help?
- Go release 1.12
- UTF8 and runes in Go
- Conference Experiences - FOSDEM, GopherCon Israel
- Building a cloud of fares

Become a speaker

- Talk about your experience on a Golang conference
- An interesting topic that you've had to tackle?
- A unique problem that you've solved?
- Do you want to learn?
- Project from work
- Side project
- Golang feature
- Need help finding a topic?
